Dear Sir:

During a routine review of Motorola files, it was determined that the above-referenced patent application had not proceeded since Applicants filed our Amendment on July 16, 2004. According to Private Pair, this Amendment was not entered. There is no record in Private Pair that any notification to the defect in the Amendment was ever sent by the United States Patent and Trademark Office. No such notification has been received. In order for this application to proceed, Applicants respectfully request that the appropriate paper be mailed. Kindly charge any/all fees to Deposit Account No. 50-2117.

Regards,
